

Lab-I

Time: 10:30 AM-1:00 PM

Marks: 40

Instructions: Create a folder on the desktop using your nickname and roll as the name of the folder. For example, abc01. You have to save all your files in this folder.

Now, you are going to build a website containing web programming components. There are four web pages named "home.html", "table.html", "list.html" and "form.html". The template of all pages is shown below.

Q1: Making a Home Page (home.html)
